

STEADY PRESSURE ON MARKET IS MET WITH ACTIVE RESISTANCE

Lackawanna Steel is One Exception to the Rule Yesterday When it Fails to Harden Under Attacks.

NEW YORK, January 5.—The salient feature of a feverish market was its steady resistance to pressure. At an active opening the market gains were from one to three points and made by various issues, chiefly coppers, Lackawanna Steel, and some less active specialties.

Rails in general rose fractionally. Heavier offerings of special descriptions, notably oils, and a number of issues gave the market another setback during the late session. The prices continued strong. Almost the only exception was Lackawanna Steel. Coppers as a group were steady. Sales of stocks 920,000 shares. Bonds were irregular. Sales were \$5,440,000.

CHANGE FORCAST IN THE ENGLISH CABINET

Top, Sir Edward Carson (left) and Premier Asquith. Bottom, David Lloyd-George.

Premier Asquith, the man who was uncrowned king of ante-bellum Britain and who transformed parliament from a bicameral to a virtually unicameral body in order to facilitate his schemes of reform, is believed to be almost at the end of his career. England demands a new leader and the two men most frequently mentioned as his successor are David Lloyd-George and Sir Edward Carson, the ablest Radical and the strongest Conservative. Both these men favor conscription for unmarried slacks, while up to the present Asquith has been opposed to this plan.

CONCESSIONS TO FOREIGNERS ARE CAUSE OF TROUBLE

Never Ceasing Annoyance Created By Award of Concessions to Various Nationalities; Intricate Problems.

SHANGHAI, Jan. 5.—Foreign concessions in China have been centers of never-ending trouble since the beginning of the European war. As the result of activities of various belligerents in these settlements charges and counter-charges have been made concerning the violation of China's neutrality. China is so enmeshed in European treaties that it is always extremely difficult to determine her actual status with reference to the European powers. Practically every foreign concession was created under different conditions, and the commercial treaties between China and the various powers are so varied that few diplomats can harmonize them.

Newspapers under German control at the treaty ports are constantly charging that China is violating her neutrality by permitting ships and other supplies to be shipped from Shanghai for the use of the Russian army. They are also voicing protests against the shipments of supplies for the French and English armies.

On the other hand, the English and French press are loud in their denunciation of German activities which are permitted to continue on Chinese soil under lease to foreign powers.

The latest ground for complaint of this sort was supplied by the capture of the Japanese steamer Iro which a French cruiser took into Saigon under charge of carrying arms and ammunition for militarists in India. A passenger on board this steamer without passport admitted his German nationality, and is reported to be a former member of the German consular service in China. This steamer sailed from Shanghai, and is alleged to have carried ammunition cases and arms which were thrown overboard when the French cruiser gave chase.

It has even been charged that the German social club in Shanghai is used as an arsenal for the storage of supplies to be used in promoting sedition among the colonies of Germany's enemies in the Far East.

On the Shantung island at Canton much of the British concession has passed into the hands of German owners. The presence of these Germans is so distasteful to the British that they endeavored to find a means to expel them. This plan was vetoed, however, by Sir Edward Grey, the British minister of foreign affairs. It was argued by the British residents on Shantung that the English subjects had no right to transfer their holdings to the subjects of any other nation. China leased this island to the British for one hundred years. Many Englishmen now owning property on the island argued that leases there could be held only by British subjects, and that a transfer of leases to the Germans was in violation of the treaty between Great Britain and China.

Another cause for irritation has been the circulation of literature supporting Germany's cause by Major Dinkelmann, a German officer employed by President Yuan Shi-kai as military advisor. French and English newspapers are clamoring loudly for the dis-

missal of Major Dinkelmann by the president, and insist that President Yuan Shi-kai should not maintain a German officer on a princely salary when he is directing a campaign against powers friendly to China.

FIRE IN CAPITOL.

WASHINGTON, Jan. 5.—Fire tonight caused minor damage to building housing the State, War, and Navy Departments. Stories of incendiarism are circulated. Officials said, after an investigation, the spontaneous combustion started the blaze. The loss is practically confined to odds and ends stored in the basement by the janitor force. The damage was \$2,000.

Valuable diplomatic documents, military records and other priceless papers, including the original copies of the Declaration of Independence and the Constitution are stored in the building. It is separated from the White House by a narrow street.

EPIDEMIC WILL ABATE. CLEVELAND, Jan. 5.—With 57 deaths in three days, from gripe and pneumonia here Health Commissioner Ford predicted the epidemic would not become much worse due to the mild weather. Overheated street cars are blamed by the health commissioner for the epidemic.

TO ASK CONGRESS FOR LOT OF MONEY

Frank Clark (top) and Stephen Sparkman.

Chairman Frank Clark says the public buildings committee of the lower house is planning to bring out a bill asking for a large appropriation, and Chairman Sparkman of the rivers and harbors committee is apparently determined to make an attempt to put through a rivers and harbors bill without having it reduced by one-half, as were the last two measures.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink—Advertisement.

LEGISLATURE REOPENS.

SACRAMENTO, Jan. 5.—The special session of the legislature opened with unexciting sessions of Senate and assembly. Speaker Young and other officers were re-elected in the Assembly. Three bills were introduced, two by Young, in line with the ideas laid down in the Governor's message, and another by Assemblyman Bartlett Lyon, seeking to amend the primary act of 1913 in such manner as to repeal the 1915 non-partisan registration law and throw the whole election law into the status existing before the last session of the legislature.

APPROVES WILSON'S WORDS.

WASHINGTON, Jan. 5.—The international law section of the Pan-American Scientific Congress adopted a resolution approving the President's references to the Monroe Doctrine and Pan-Americanism. It characterized the President's utterances as the "true definition of Pan-Americanism." The preamble resolution declared the words of the President were of "such importance to the relations of the countries on this continent, we deem it opportune and on unquestioned advantage that a second Pan-American Congress should someday accord them its approval."

WILL NOT AGREE.

WASHINGTON, Jan. 5.—It is authoritatively stated the United States would not agree to the suggestion of Sir Edward Grey that a tribunal of American naval officers investigate the Baralong case. Ambassador Page, of London, through whom Grey's communication was forwarded to Berlin, probably will wait an expression from Germany concerning its attitude before the bringing of the subject to the attention of the State Department.

HEARINGS COMMENCE SOON.

WASHINGTON, Jan. 5.—Chairman Kitchin announced in the House Ways and Means Committee would begin hearings January 14. Representative Hill's bill proposing protective import duties on dyestuffs, and certain chemicals with the view of building up a domestic dyestuff industry.

STRIKE TAKES TOLL

HAMILTON, Jan. 5.—One man was killed and two seriously wounded in a battle between strike sympathizers and non-union molders. The trouble occurred at the Hamilton Foundry where a strike has been in progress some time. The dead and wounded were strikers.

PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for "colic"—there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which colored ointments and just as effective, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever again troubled with "dark brown spots," a bad breath, a dull, listless "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immense-ly effective result. Take one or two nightly for a week. See how much better you feel and look. One and the per box. All druggists. The Olive Tablet Company, Columbus, O.
